The Daily Oregonian.

THURSDAY MORNING, APRIL 18 1867

Washington Territory Union Platform

The Union Republican platform consti...ed at Vancouver, and published in our paper to-day, has the right ring in it. It is as sensible and manly declaration of principles as we have seen emanate from the great party of the Union in any State or Territory It says enough without saying too much, the meaning of every sentence is unmistakable, and the principles it enunciates are those which are held by ninety-nine out of every hundred persons who were true to the country in the day of its deadly peril With a good candidate standing on such a platform, the Unionists of Washington Territory are sure of s- ...ss.

Sound the Alarm!

The following dispatch came over the wires two or three days ago:

At Charleston at a meeting of prominent citizens, it was unanimously resolved that the freedmen were entitled to run somebody of their own color on the white man's ticket for the State Legislature Them ting was largely composed of old Democrats, and proseuting General Hampton sent a letter arguing for the policy of giving the negro representation

This is respectfully submitted to the Democratic Convention of Washington Territory It should receive the immediate and attentive consideration of that body. Is the Convention willing to act on the principle proclaimed by the Democrats of Charleston Yes, or no? The people demand an answer. Let there be no dodging. Are you,—are the Democrats of Oregon and Washington Territory in favor of "n...ro equality," or not? Players don't quibble or prevaricate. Do you intend to elect negroes to office here as your party brethren are doing in South Carolina? That's the question. That's what white men demand to know.

We call public attention to these evidences that the Democratic party is determined "to degrade the white man to the level of the ne...o." Will the "superior race" submit willingly to this degradation? Will they trust a party which is thrusting white men aside to make room for negroes? Will they tolerate a party which is turning white men out of office and insisting the representatives of an "inferior race?" These be weighty questions. The people ...st now for a humor to be juggled with. They see the Democratic party daily ...eaming holder and bolder in its advocacy of "negro equality," and cannot contemplate the prospect but with indignation and alarm That party is proving false to its promises. It vowed by everything from Hades to the stars that it would stand immovably fixed against "negro equality." Yet see what it is doing at Charleston. Witness what it is doing in all parts of the South Will the people submit to be thus betrayed? At the m...ent when the "white-man's government" idea stands most in need of a champion, this party turns against it? What assurance is there that it will not do the same thing in Oregon? None whatever. Some other barrier must be erected to stay the advancing wave of "mongrelism" which threatens to engulf the country. Some other m...ns of security must be devised The Democratic party is no longer to be trusted; it is practicing "n...o equality" in earnest and threatens to compel others to imitate its "disgusting practices." Shall a party which does such w...ked things be suffered to obtain ascendancy in this country? Not if this is to be a "white man's Government" and if this glorious heritage belongs alone to white men!

Metamorphosis.

The *Herald* says "it is well known that the State governments of the South were no more changed or abolished by the war than were those of the North" By whom is this ... that "well known?" Certainly not by the paper which makes this assertion, for it has constantly supported the policy of the President—a policy which from its beginning regarded the ante-war State governments of the South as dead. The President and his supporters steadily maintained that the former governments of the revolted States were abolished by the act of re...llion and hold on this idea, he proceeded to establish new governments His Oregon organ has always approved of his policy, and therefore it is committed irrevocably to the same doctrine. The declaration from its columns which we have cited above, is therefore, seriously ...ort' tent with itself from its first issue to the present time, The facility with which it eats its own words, and the read...ness with which it stultifies itself would be astonishing in anything but a Democratic newspaper From the date of its first number it has supported a policy which was based on the idea that the "State governments of the South were abolished by the war"; ...t it now says that if it should affirm this it would be telling a "deliberate lie" As it has substantially affirmed this every day of its existence by supporting Johnson's policy, we leave it to compute how many times, on its own showing, it has delibe...tely asserted what it knew to be untrue.

STUBBED AGAIN.—The other day the editor of the "organ" ventured to say something about the Russian treaty, and according to his usual custom, proved himself an ass He scouted the idea that the treaty would be ratified, and endeavored to ridicule the OREGONIAN for saying it. Deceived as usual by sensational reports sent to the newspapers by the "Bohemians" of Washington City, he conceived the idea that the treaty would never be sanctioned by the Republicans in Congress. Here he was "sold" again. Only two Senators voted against the treaty, and Thad Stevens sent his congratulations to Seward on the success of the negotiation. Here's another of the "organ's" leading articles completely demolished. Perhaps no other editor of "thirty years standing" could be found, who has no judgment whatever in the management of a newspaper. The "organ" should stick exclusively to the resolutions of '98 That is its appropriate field, and it should never wander beyond it.

YOUTH'S HISTORY OF CALIFORNIA.—A pretty little volume bearing this title, has been published by Roman & Co., of San Francisco. A considerable portion of the book is devoted to the early history of California. It is written in an easy, descriptive style, and is well calculated to interest youthful readers For sale by F. Roman, First street

STATE ITEMS.

The water has been steadily rising at Umatilla for several days.

The indebtedness of Umatilla county is $7 875 87 The amount of delinquent taxes for 1866 is $3,308 84. The value of ...sed property in the county last year was $658,170

A few days since in Powder river valley, a lad about fourteen years of age accidentally shot his younger brother in the thigh with a revolver It is thought the wound will prove fatal So says the Umatilla *Press*

Last week Governor Woods made the following appointments: W E McCorkle, Notary Public, of Linn county. C. P Ferry, Notary Public of Portland, B. N Snowden, Notary Public, of Marion county.

The Lafayette *Courier* tells its readers that the "Railroads" are so chagrined over Judge D...y's decision in the Avery-Bigler case in California that they never allude to it, and that ... the *Oregonian* does not even deign to inform its readers that the case has been decided. If the *Courier* had said that the *Oregonian* is the only paper in the State which has published the decision in question, it would have stated the truth But this is something which the *Courier* evidently avoids, doing as far as possible

Mr George ...ssic of Salem, says the *Unionist*, has invented a portable steam cross-cut saw He now has it in a ... operation sawing cord wood for Mr John F Demers, to supply the Oregon Penitentiary Two horses will transport the engine and all the machinery With it he can cut in the desired length trees of any dimension; as the saw he employs is the same as is used in the upright sawmills, ...onstructed so as to cut cross grain. The invention is an important one to the inhabitants of this country, as it will render available for fuel the large trees that have heretofore been passed by the woods ... because they were "too big and rusty"

LATEST FROM VANCOUVER

[SPECIAL TO THE OREGONIAN]

No Nomination Yet.

VANCOUVER April 17th 8 P M

In the Union Convention on the twenty fifth ballot, Garfield had 11½ votes Flanders 0 Brown 2 Baker 4 Hoff...n 1, and Wyche 1 The Convention adjourned till to-morrow

VANCOUVER CORRESPONDENCE.

EDITOR OREGONIAN

Our little city has been, for a few days past, in imminent danger of being unceremoniously taken possession of alternately by the forces of the Union and the Northern wing of the army of the Confederacy First came the Union men of the Territory, either in person or by representation, for the purpose of putting into the field a standard bearer during the campaign about to open. They are now organized in convention, and as we sit here and look on the body, let us gather some impressions from its general appearance and tone There is a fair attendance of the delegates from every part of the Territory, very few proxy votes being cast The *physique* of the Convention is highly respectable, indicative of good sense, honesty and integrity There are very few of the *genus* bummer, mostly coming as the Convention does, from the sober industry of the people The lumbermen of Puget Sound meet the farmers of Walla Walla and of Clarke county, and together represent the real stamina of the Territory Hon. E Eldridge, of Whatcom, presides over the body Mr Eldridge is a veteran presiding officer, thoroughly at home in parliamentary tactics, and presides with impartial dignity So far the spirit of the Convention has been agreeable, giving promise that, whoever at last may be made the nominee, there will be harmony of action in the following campaign

Last night a public meeting was held at Metropolitan Hall to give the candidates a chance to step onto the platform which the Convention had erected for them The large hall was well filled, and the candidates came up bravely to position First came Mr Holmes He had always been right, was now right, and always intended to be right Mr Garfield—the orator of the Territory—was in for the war on the platform of the party Whatever may have been the fears of the party or convention, Mr Garfield placed himself so squarely on the planks that he must sink or swim with them Judge Wyche did the same He said he had "turned" his back on the President, and held that the action of Congress had been and would be substantially right. Mr. Flanders, of Walla Walla, a new man in the politics of the Territory, made a speech as clearly defined in its true Republican ring as one often hears It be came apparent that there would be little or no difficulty in finding a candidate who would make the fight on the square issues of the day, and one that would be generally acceptable

This "my policy" Convention has but just effected a temporary organization Its members have not been very visible during the day time since their arrival. After a permanent organization is effected, I will look in upon them and give you some items concerning them. Meanwhile, the renowned Henry Miles is temporary chairman. His appearance is highly *distinguished* Of wonderfully commanding port and mein, slow and deliberate in action, exceedingly reticent and judicious in all he says Mr. Miles is considered the most re...le able man among the Cops in this Territory, and that certainly is glory enough for one man It has been very maliciously hinted that Mr Miles is troubled o' nights with the ghost of Abolitionism which he brought with him to this Territory a few years ago, and which he murdered somewhere in Lewis county, which accounts for his sad and downcast looks, but I cannot believe it is true. However, it may be he bears it bravely and "sustains himself" with wonderful *dignity*.

Everything yet as to nominations would be only conjecture. In due time you will again hear from OBSERVER.

A Washington dispatch published in the Sacramento *Bee*, states that Senators Williams of Oregon and Conness of California, left for their homes on the 9th inst. We have seen no mention of this elsewhere.

BENJAMIN TODD will commence a course of lectures this evening on ASTRONOMY, to continue eight successive evenings, also on Sunday at 2 o'clock, P. M This and to-morrow evening's in the old Theatre building. The remainder of the lectures will be delivered in Ore Fino Hall.

COUGHS, HOARSENESS, AND THE VARIOUS THROAT AFFECTIONS to which Public Speakers, Military Officers and Singers are liable relieved by "*Brown's Bronchial Troches*." Having a *direct* influence on the affected parts, they allay Pulmonary Irritation. The freedom from all deleterious ingredients makes *the Troches* a safe remedy for the most delicate female, or youngest child, and has caused them to be held in the highest esteem by those who use them

"ECONOMICAL AND USEFUL"—Those who study the commendable virtue of economy, and at the same time have an eye to the beautiful, are sure to provide themselves with Howe & Stevens' FANCY DRESS GOODS They consequently save the necessity of buying new garments. Sold by Smith & Davis

The subscriptions to the Astoria lot sale are so far taken that the distribution has been definitely fixed for Wednesday, the 15th day of May Agents have been appointed in each of the towns, and H B Parker, Esq., is General Agent. The distribution will take place at the Court House, under the management of the County officers The price of a share is fifty dollars Among the prizes is a homestead and three lots worth $3000, which some one will get for $50 There are also three lots valued at $1000 each; six at $500; eight at $250; thirty-four at $200 ; fifty-one at $150 ; two hundred at $100, and one hundred and twenty four shares consist of two lots each twenty-two of four lots, and twenty one of six lots each, and about one-third of the shares are lots worth from $100 down to $50. No ticket will draw less than a $50 lot The purchase money is payable on delivery of a warrantee deed for the lots drawn; but special arrangements can be made by addressing the proprietor, D Olney, at Astoria.

TO THE LADIES.—The fair sex will be pleased to learn that Messrs KOHN & FISHEL are about to remove to the Store lately occupied by the Messrs WEILBROS., and that they have on hand a large assortment of DRY GOODS, MILLINERY and FANCY GOODS

PERFECTLY SATISFIED.—Proof one that visits BUCHTEL'S PHOTOGRAPH GALLERY, comes away perfectly satisfied with their bargains. The highest style of the art is reached in the beautiful Sun Pencils and Photographs

HELMBOLD'S EXTRACT BUCHU gives health and vigor to the frame and bloom to the pallid cheek. Debility is accompanied by many alarming symptoms, and if no treatment is submitted to, consumption, insanity, or epileptic fits ensue

SAN FRANCISCO ASSAYING

AND

REFINING WORKS,

No. 416 Montgomery St. cor,

(*Successors to Kellogg, Hewston & Company*)

CAPITAL STOCK, $1,000,000!

Directors:

JOHN PARROTT, CHAS E McLANE,
WM C RALSTON, A HAYWARD
LOUIS A CARNETT

LOUIS A CARNETT ... President and Manager
JOHN HEWSTON Jr. ... Chemist and Superintendent

THIS COMPANY HAVING GREATLY enlarged their Refining Works and introduced many other important improvements are pleased to announce that they feel warranted in again reducing materially their terms of doing business

THE TARIFF OF CHARGES

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world and secures to the mining interest of this coast an important increase in both the minting and commercial value of bullion

Their charges hereafter will be as follows:

FOR ASSAYING DEPOSITS FOR UNPARTED GOLD BARS

One-eighth of one per cent (heretofore a quarter) for all amounts over $1 600, and two dollars for any smaller sum Returns made in twenty four hours

FOR ASSAYING DEPOSITS FOR UNPARTED SILVER BARS

Two dollars for the gold contained, up to $1 600, and one-eighth of one per cent, for all amounts over that sum, and one per cent on the silver contained Returns made in twenty four hours

FOR REFINING DEPOSITS MADE FOR COIN OR FINE BARS

On bullion under 900 parts gold, 2 cents per ounce

On bullion from 900@600 parts gold, 4 cents per ounce

On bullion from 600@750 parts gold, 6 cents per ounce

On bullion from 750@940½ parts gold, 8 cents per ounce

Above 950 the only charge will be for coinage But there will be no charge for refining less than two dollars

FOR COINING GOLD

This charge will be the same as at the Mint—a half of one per cent.—and which is paid by us to that institution But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

RETURNS IN COIN IN FORTY EIGHT HOURS

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint

Gold bars of other Assayers, in good standing, will be cashed by us at the highest market rates

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells, Fargo & Co's Express

CHARGES AT U S BRANCH MINT

For the convenience of those not familiar with the terms of the Mint, we publish the tariff of charges now in force at that institution

For refining bullion under 900 parts gold, 3 cents per ounce

For refining bullion from 900@850 parts gold, 5 cents per ounce

For refining bullion from 850@760 parts gold, 7 cents per ounce

For refining bullion from 760@680 parts gold, 9 cents per ounce

For refining bullion from 680@590 parts gold, 11 cents per ounce

For refining bullion from 590@490½ parts gold, 14 cents per ounce

The charge for coinage is half of one per cent., and the charge for making fine silver bars the same

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost ½ of one per cent—they must be sold at the following par rates to equal the return which would have been made had they been deposited for coinage

850 par to equal Mint return, at refining charge of 14 cents

845 par to equal Mint return, at refining charge of 14 cents.

855 par to equal San Francisco A... & R. Works return, at refining charge of 8 cents mh12d3m

COUNCIL PROCEEDINGS.—The Common Council met on Wednesday evening, His Honor, Mayor Holmes, in the chair. Present, Messrs. Carter, Carson, Fechheimer, Hallock, Lowesdale, McCraken, O'Connor, Rosenblatt, and Zeller.

The minutes of the last meeting were read and approved.

PETITIONS, COMMUNICATIONS, &c.

A petition was received from C. P. Bacon and 17 others, praying to have Front street improved between the south line of E and the north line of Morrison streets, by grading and constructing a plank roadway in the centre, 14 feet wide, and sidewalks.

The Auditor was, on motion, instructed to publish the usual notice for improvement.

A communication was received from W. P. Burke, guardian for the widow and minor heirs of E. J. Miller, representing that the condition of the estate is such that it is unable to pay the street assessment on said block 20, and praying that no more of the property be sold than will be sufficient to pay the actual assessments and costs of proceedings. Referred to the Judiciary Committee.

A petition was received from the Portland Gas Company, the Willamette Iron Works, and others, asking leave to withdraw their late petition for the extension of the sidewalk on the north side of Fourth street improvement from H to F. Leave to withdraw the petition was granted.

The Street Commissioner, H. W. Davis, presented a communication calling the attention of the Council to the present condition of the Nicolson pavement on Front street, opposite lot 4, block 1, and recommending repairs be immediately made. Referred to the Committee on Streets and Taxable Property.

A communication was received from Messrs. Bates, Hallock and others, representing that during the rainy season the ... ...rable surface water runs from the corner of Main and Sixth streets across to Salmon street, causing ... ...ge. They ask that measures be taken to conduct the water in underground drains. Referred to the Committee on Streets and Public Property.

Messrs. Goodnough & Clark asked the privilege of using ... ...feet half of Alder street, opposite lot 4, Mock 10, for the purpose. Leave granted.

Mr. R. Wilcox tendered his resignation of the office of Auditor and Clerk.

On motion of Mr. Kleber the resignation was accepted and the Council proceeded to elect another to fill the vacancy.

D. Lownsdale nominated W. S. Caldwell.

A ballot being taken, it was found that Mr. Caldwell had received ... votes; blank, three.

Mr. Caldwell was declared elected.

REPORTS OF COMMITTEES.

The Ways and Means Committee to whom was referred the report of the City Treasurer, reported that they find the report correct. Adopted.

The ... on Accounts and Current Expenses, to whom was ... ...ed several bills of J. L. Parrish & Co. ... ...rnished city officers, reported that the bills were ... ...ect, and recommending that they be paid. Adopted.

The ... on Health and Police, to whom was referred the petition of Alexander Dodge, relating to removal of ... ...n A street, reported the same back and recommended the ... of the ordinance defining the duties of the Street Commissioner. Report adopted.

The ... on Streets and Public Property, to whom was ... ...the petition of Frank Bekum and others, for the ... of the lamp post from the corner of the ... Fourth ... to the corner of A and North ... ...favorably upon the petition. Laid on the table.

BILLS AGAINST THE CITY.

The following bills against the city were received and ... ...ferred: ... ...ities on Fire and Water: Bunnell Bros., ...for repairs for No. 1 and No. 2 Engine ... Charles Stewart, removing top from cistern at ... of Stark and Second streets, and for ma... ...; ... ...ge $160.43; Smith Bros. repairs to ... ...$2.50; Mr. McHenry, sundries, $7.60; ... ...Dr. J. B. Giltner for attendance upon Mr. ... ...patient, $100, was referred to the ... ...and Police.

... ...ted a sketch of the soundings of ... ...estimates of dredging, being a map ... ...profile views of the river bottom in the ... ...

... ...map was accepted and the Auditor was ... ...to be ... ...framed and placed in a proper place for ... ...the Council.

... ...of Stevens and for incidental expenses ... ...with the survey, amounting to $142.40, ...month' and ordered paid.

RELEASE OF ORDINANCES.

D. Ritter introduced an ordinance making certain ... ...ations for the year 1867—$500 for salary of Chief ... ...the Fire Department and $1125 for salary of ... ...Road Inland 24 times.

PROPOSITIONS AND MOTIONS.

D. Lownsdale moved to reconsider the vote by which ... ...L's publication of notice for improvement of ... ...for the purpose of having included in such ... ...some portion of the street south of Morrison. The ... ...ays were called for and resulted as follows:

... ...Messrs. Carter, Carson, Lownsdale, McCraken, ...and Rosenblatt—6.

... ...Messrs. Rechtsteiner, Hallock and Zeller—3.

... ...motion was lost.

... ...motion was prevailed, and then on motion of Mr. ... ...the whole matter was postponed and made ... ...special order for the next meeting.

... ...McCraken offered a resolution, authorizing and ... ...the Committee on River Improvements to ... ...their former bid to improve Swan Island bar, so ... ...to keep within the amount of the appropriation ... ...provided, say $14,400. Laid on the table.

... ...Council adjourned.

FOR DESTRUCTION.—Two seamen belonging to the ... ...Orifiamme, named respectively, Wm. ... ...and Jerome Riley, were arrested yesterday morning ... ...complaint of Capt. Conner, charging them with ... ...the ship in violation of their articles of ... ...with the ship. The examination was had before ... ...Upon a statement, the seamen ... ...ed to have Smith discharged, as he had re... ...ed to the ship and promised to do his duty. He was ... ...charged. The complaint as to Riley, ...that he be kept in custody till the ship should be ready to sail and then that he be placed on board. The ... ...ge refused till the ship's articles were offered ... ...whereupon, pointing that instrument had ... ...ed by law, the defendant was discharged, the ... ...holding that the articles had no legality and that, therefore, the defendant could not ... ...

... ...Messrs. Jacob Underhill & Co. and ... ..., have the greater part of the freight ... ...Morrill. Eighty tons for the first named ... ...list direct from Europe. Not coming out ... ...he was awarded lodgings in the jail for ... ..., McGeagh was complained of for keeping ... ...without a license. The hearing of the charge was ... ...until this morning.

... ...—Arrived per steamer *Alert* from ... ..., Wednesday p. m., April 17th: 402 boxes apples, ...; 7 half bbls dried apples, 4 half bbls lard, 1 ... ..., 226 gunnies bacon, 4 cases woolen goods, 10 ... ...; 2 ... ...; 2 bales sacks, 13 cases ... ..., 26 bags feed, 8 bags wheat, 2 dressed ... ..., 2 ... ...; sold furniture, 4 boxes flowers, 1 bbl, ..., 2 bales skins.

... ...—Messrs. Scoville and Dimick, of ..., arrived in this city by the *Alert*, yesterday, having in charge thirty-five horses purchased for Joseph ... ...Wheat to furnish horses for the cavalry service in this Department. They were reshipped on the ... ...Troop for Fort Vancouver. They were upon examination a good lot of horses and many of them were really fine looking ones.

... ...—In connection with the rumors ... ...agreeable, it may be mentioned that ... ..., who is a large owner in the *Oregonian*, ar... ...by the *Orifiamme*. It is surmised that his ... ...have some connection with the matter of deter... ...what should be done with the *Oregonian*. But, in the language of Americanized Chinadom, outsiders ... ...know.

... ...AND WHEAT AT SAN FRANCISCO.—The ... ...Bulletin of the 8th has two or three col... ...of produce statistics, from which we learn that ... ...there were received at that port from ... ...ns or six flour and 8,286 sks wheat, equal to ... ...thousand sacks of wheat. During the same ... ...ere received 16,000 Oregon flour or wheat were received.

... ...—Boats were at work, yesterday, on ... ...Co.'s wharf, fitting up pipes for lighting the ... ...Mr. Myers is the contractor for the fit...

SWAN ISLAND BAR.—Mr. Hallock presented to the Council, last evening, a map prepared by Colonel Haldon, showing three profile views of the bottom of the channel at Swan Island bar, drawn from the notes of the late survey and a sounding by the Commissioners. These views show the elevation of the bar on each side and the middle of the proposed channel. The distance requiring excavation to make eighteen feet of water, is 2,240 feet. The shallowest water in the center of the channel when the soundings were taken, was ten feet. At that time the water was about one foot above low water mark. The estimated excavations necessary to make a channel eighteen feet deep and one hundred feet wide, is 40,026-42 cubic yards.

GLAD TO SEE HIM.—Dr. O. P. S. Plummer, formerly a telegraphist at this place, returned with his family by the *Orifiamme*, after a residence of seven months in California. He will locate here permanently for the practice of his profession. The Doctor is glad to get back here, and there are a host of friends who gladly welcome him among us again.

THE STEAMSHIP OREGONIAN.—The S. F. *Bulletin* of the 10th, says: "There is a rumor on the street that the steamship *Oregonian* will be put on the Portland route, if not sold soon." The telegraphic news of the 14th states that efforts to sell her having failed, it is possible that she will be put on as opposition either to Panama or Oregon.

THE PACKET LINE.—The packet line now on, between Portland and San Francisco, is composed of the following barks: *W. H. Scranton*, 407 tons; *Alaska*, 350 tons; *Jane A. Falkinburg*, 300 tons, and *Live Yankee*, 336 tons. The *W. H. Scranton* is now receiving freight, and will be followed by the *Live Yankee*.

CONUNDRUM.—A friend of ours has elaborated the following conundrum, which may be considered nearly lightning: "Why should statesmanship made by the telegraph, be received with caution? Because they are merely *flash* reports." Our friend, we are gratified to say, is still alive, though in a critical condition.

ADDITIONAL APPROPRIATIONS FOR THE WILLAMETTE.—Mr. Hallock stated to the Council last evening that ex-Senator Nesmith informed him while lately in this city that the last Congress appropriated for the improvement of the Willamette, an additional sum of $20,000, to be expended between the mouth of the river and Portland.

LECTURES ON SPIRITUALISM.—Rev. B. Todd, late of San Francisco, is announced for a course of lectures on Spiritualism, to commence to-night at the old theater. After to-morrow night the lectures will be at Oro Fino Hall.

SUBSCRIPTION.—We learn that a subscription will be circulated to-day for the benefit of a Mrs. Robinson, who is in distressed circumstances and desires to return to her friends in the East.

INFORMATION WANTED.—Captain John L. Worden, U. S. Navy, commanding U. S. S. *Penmocola*, and lying at the Navy Yard, Mare Island, desires that his brother, James B. Worden, will inform him at once of his address.

TREASURY RECEIPTS.—Wells, Fargo & Co., yesterday, received $15,000 in treasure from the Upper Columbia.

FOLLOW THE CROWD, and you will be sure to never go amiss. This proves that everybody goes to Barman Bros. for their Clothing and Gents' Furnishing Goods, as everybody knows that Barman Bros. give better bargains in Clothing and Gents' Furnishing Goods than any other store this side of San Francisco. When you see a good Stock suit of Clothing in your travels, you may rest assured that it was purchased at Barman Bros. Therefore, if you wish to get any Clothing, be sure and follow the crowd, which always goes to Barman Bros. for their Furnishing Goods.

A FRESH LOT OF CHINOOK SALMON just received at the Union Fish Market, Washington street.

The best meals in town, every one should remember, are served up daily at the LAFAYETTE RESTAURANT, under Oro Fino Hall. All the luxuries and delicacies of the season will be found on the table.

Arrivals at the American Exchange.

WEDNESDAY, April 17, 1867.

HELMBOLD'S
FLUID EXTRACT BUCHU

Is a certain cure for diseases of the BLADDER, KIDNEYS, GRAVEL, DROPSY, ORGANIC WEAKNESS, FEMALE COMPLAINTS, GENERAL DEBILITY,

and all diseases of the URINARY ORGANS,

whether existing in MALE OR FEMALE,

from whatever cause originating and no matter of HOW LONG STANDING.

Diseases of these organs require the use of a diuretic. If no treatment is submitted to, Consumption or Insanity may ensue. Our faith and blood are supported from these sources, and the

HEALTH AND HAPPINESS,

and that of Posterity, depends upon prompt use of a reliable remedy.

H. T. HELMBOLD'S EXTRACT BUCHU.

Established upwards of 18 years, prepared by
H. T. HELMBOLD, Druggist,
594 Broadway, New York, and
104 South 10th Street, Philadelphia, Pa.

PERRY DAVIS' VEGETABLE PAIN KILLER.

THE GREAT FAMILY MEDICINE OF THE AGE!

Pain Killer taken internally, should be adulterated with milk or water, and sweetened with sugar if desired, or made into a syrup with molasses. For a cough, a few drops on sugar eaten will be more effective than anything else. For sore throat, gargle the throat with a mixture of Pain Killer and water, and relief is immediate and the cure positive.

It should not be forgotten that the Pain Killer is equally as good to take internally, as to use externally. Each bottle is wrapped with full directions for its use. Dyspepsia can be and is cured every day by the use of Perry Davis' Pain Killer. This is the most wonderful and valuable medicine ever known for this disease. Its action upon the system is entirely different from any other preparation known. The patient, while taking this medicine, may eat anything the appetite craves. Sold by all medicine dealers. mh20d1w1m

MANHOOD AND YOUTHFUL VIGOR

Are regained by HELMBOLD'S EXTRACT BUCHU.

Bronchitis or Chronic Sore Throat.—It is attended with irritation of the bronchial tubes, which renders the air we breathe into the lungs. The irritation produces sore throat, coughing, and sometimes spitting of matter streaked with blood. If it is neglected it will extend down to the lungs, and settles into confirmed consumption. ALLEN'S LUNG BALSAM will be found a most valuable remedy for curing this disease, and prevent its running into the consumption. For sale by dealers in family medicine generally. ta20

☞ The Best Remedy for Purifying the Blood, Strengthening the Nerves, Restoring the Lost Appetite, is

FRESH'S HAMBURG TEA.

It is the best preservative against almost any sickness, if used timely. Composed of herbs only, it can be safely given to infants. Full directions in English, French, Spanish and German, with every package. TRY IT!

For sale at all the wholesale and retail drug stores and groceries. EMIL FRESH, Wholesale Druggist,

Decision in Relation to Distribution of Road Funds

In the County Court of the State of Oregon for the County of Multnomah, April term, 1867.

Application for re distribution of Road Funds

This is a petition which has been extensively circulated by John Stephenson, Road Supervisor of road district No. 15 of this county, and signed by quite a number of persons, representing among other things, that there will probably be collected during the present year from eight to ten thousand dollars, in the city of Portland for repairing the several roads leading into the city That a distribution alleged to have been made by this Court was unjust, &c That the road leading to Boon and Taylor's ferry will receive less than one thousand dollars, while another road therein specified which accommodates but few persons will receive a much larger amount, and prays a re-division of the said funds, and that at least one fourth of the said fund be appropriated to the said Boone ferry road, and that the Sheriff or some suitable person be appointed to collect the road tax.

If the facts stated and assumed as facts in the petition are true, relief ought to be granted

Let us see how far the law and the facts in the case justify the statements in the petition.

First it is assumed that the eight or ten thousand dollars set out in the petition is to be paid in money, and that this sum is directly under the control of this Court, and that this Court may appriate the same to any road in the county it may choose.

Such is not the case, no man is bound to pay one dollar in money as road tax. All road tax is due in labor, giving the option to each as choose to pay in money, (see general laws of Oregon, chapter 47, section 22, and amendments thereto)

Each person is entitled to three days notice by the Supervisor, of the time and place to perform said labor, and only after neglect to perform said labor is he bound to pay money, (see gen. laws, ch. 47, sec. 24.) Thus it appears that there is no money subject to distribution by this Court as road tax.

The only possible way in which this Court could in the least control the question as to how much road tax should be put on any particular road would be in dividing the county into road districts, which the Court is required to do. The law says "The several County Courts shall, as often as they may deem necessary, but not oftener than once a year, divide their respective counties or any part thereof, into suitable and convenient road districts," &c. [Gen. Laws, Ch. 47, Sec. 18.] But most of the road districts contain more than one road, or parts of more than one road, and the County Court cannot require the Supervisor to put any particular part of the labor in his district on one road, to the detriment of any other. The Supervisor has the entire control of this matter, and is required by law, to open all public roads in his district and keep the same in repair, and if the labor in his district, which he is required by law to assess, is not sufficient for that purpose, he has authority to assess and call out such an amount of labor as will be sufficient for that purpose, &c. [Gen Laws, ch. 47, sec. 28.]

The Boone's Ferry road, for about six miles, is in road district No. 15. There is also in said district about one and a half miles of the Taylor's Ferry road.

The road referred to in the petition, as accommodating only a few persons and from which the tax is sought to be withdrawn to enhance the amount to be appropriated to the Boone's Ferry and Taylor's Ferry road is located in road district No. 16, and extends from the south-western part of Portland in a south westerly direction, and intersects the Taylor ferry road near the Power's place, a distance from Portland of about five miles. In addition to this there is about two miles of the Taylor ferry road in district No. 15.

So in attempting to take the labor from the road from Portland to Powers', we could only add district No. 16 to district 15; then the latter district would get the labor now belonging to the former, but in addition to the labor district 15 would have to take the burthen of keeping in repair &c., the roads of district 16, which would evidently be a losing operation for district 15, as the additional work to be done would greatly exceed the amount of labor gained. One of the main consequences resulting from such a change would probably be to give the control of two districts instead of one to the Supervisor of district 15. But what amount of labor will there be in the city the present season applicable to the roads? We have no data by which we can tell definitely. There is no way given by the law to ascertain either the amount of property, tax or poll tax in a district until after the Supervisors are appointed and make their return, and before the Supervisor can be appointed for a district the district itself must be created. Hence it will be perceived that when the districts are made the Court has no means of estimating definitely how much labor there will be in each district, and might make an error in the division; but as the Court is allowed to alter the districts once each year, there is not likely to be much injury done in this regard.

The whole amount of taxable property rendered by the County Assessor for the city of Multnomah for the year 1866 is $4,627,750, and the whole number of persons liable to pay poll tax by the return of the Assessor for the same year is 1,190.

Road tax for present year is	$2,315 50
Poll tax is	4,760 00
Total [illegible] cent	$14,075 50

According to the amendment of the road laws the tax on real property is to be paid in the road district where the property is located, and as this will in many cases require the tax of the same person over many districts instead of collecting it all in one district, we believe there is considerable amount of tax will be lost to the roads this year, as in many instances the amounts will be so small that it will not pay to collect it.

There will probably be a loss to the roads of the county in this way only to the amount of $1,000	
From the delinquents	1,000
Total losses	$2,000

Which deducted from the above amount leaves $12,675 50 as the real amount of road tax to be collected this year.

This amount is divided among the city road districts; if divided equally among them it would give to each the sum of $633 77½, but it is not so divided. Each district receives the tax on the real property located within it, and the personal property and poll tax of the person resident within it subject to road tax.

But this estimate, while it shows the amount of road labor in the whole county, does not give the amount arising from the city of Portland. By taking the amount of road tax actually collected in all or any money in the five road districts running into the city of Portland, for the year 1866, we will be able to approximate to the amount to be raised therein this year.

We find by the returns of the Assessors for the year 1866, that the amount of road tax actually collected for that year, in said districts, is $5,086 62. Now, if we deduct one-third of this tax as poll tax (and by reference to the above estimate it will appear that the poll tax of the county is now nearer one-half than one-third of the whole amount) and double the balance as property tax, we will have

We will have	$6,782 16
Then add the poll tax deducted	1,695 54
To which add for the increase of taxable property in 1866	70 00
Amount of tax in the five districts	$8,547 70

Running into town, including the whole of Multnomah county west of the Willamette river, excepting a small district down the river about Springville.

Now let us see whether the [illegible]rd 'to in District 15 gets the one-fourth of the tax according to the prayer of the petition.

The fourth of this sum is $2,136 92½, and according to the return of the Supervisor of District 15, that District has, this year, $3,089 of road tax to apply on the roads in said district, so that instead of having less the $1,000 it has $3,089; and while it prays to have one-fourth it has received one third of the road tax raised in Portland. And in addition to this large sum there is a large delinquent list from last year belonging to the district.

There was returned by the Supervisor of District 15 for the year 1866 a larger amount of delinquent road tax than was returned by all the other nineteen districts! and upon a careful examination of the matter we are satisfied that at least four hundred dollars ($400) may yet be collected from said delinquent list for the use of that district this year, making altogether for the tax of that district this year three thousand, four hundred and ninety-eight ($3,498) dollars! But from the list as returned for the current year, it must be allowed something for delinquents and for losses in collecting under the present law, as shown above. But after making liberal allowances for such losses we believe with proper energy and diligence on the part of the supervisor there will be realized not less than three thousand ($3,000) dollars road tax in District 15 for the current year.

There are seven public roads leading into Portland west of the Willamette river, and all except the one down the river cross the range of mountains which encircle the city of Portland on the south and west.

These roads are all important and necessary thoroughfares for the public travel. Of course some of them are of more importance to the traveling public than others, and ought to receive, and do in fact receive a much larger amount of labor than others.

We regard a good road in the direction of the Tualatin Plains as of the very first importance to the business of this city.

While we readily admit that the Boone and Taylor ferry road is of vast importance to the public travel, it must be borne in mind that the macadamized road (perhaps the best road in the State) runs for a long way adjoining it, and a part of the way immediately on the Boone ferry road! That in addition to these roads both running mainly in the same direction we have the Willamette river passing through the same district of country, and bringing to and carrying from Portland more produce and merchandise than all the other sources together.

While we are glad to be so well accommodated from that direction, we regret to find almost every other part of Multnomah and adjoining counties nearly destitute of cheap or easy transportation, especially in the rainy season.

But the petition in the application requests this Court to appoint the Sheriff, or some other suitable person, to collect the taxes, &c.

It is clear that this Court has no authority to make such an appointment; that part of the petition would be more properly directed to the Legislature of the State. And indeed in that view of the case, we regard it as a valuable suggestion

If the law was so amended as to allow the tax collector for this county to collect the road tax and make it payable in money, like other taxes, we believe, at least so far as this county is concerned, it would be of vast importance to the road interests, as in that way we would collect nearly the whole of the large amount of road tax levied, at a much less expense than by the present system, and by having the money we would be able to do vastly more valuable and permanent road work.

The Court having fully considered the facts in the case, find that there are no road funds to distribute, as requested by the petitioners, and that this Court has no authority to distribute road funds otherwise than as the road tax may be affected by the division of the county into road districts.

That at the last February term of this Court, some of the districts were slightly altered; that said alteration became necessary by the change of the road law; that as the districts now stand, they are suitable and convenient, and the labor therein is equally divided according to the respective roads and requirements thereof as can be done.

That the labor to be applied on the Boone & Taylor ferry road, instead of being less than $1,000, is $3,089.

That instead of receiving one-fourth of the road tax of Portland, as prayed for in the petition, it receives more than one-third.

That this Court has no authority to appoint the Sheriff or any other person to collect the road tax of Portland.

For the foregoing reasons the Court cannot grant the relief sought.

The application is disallowed.

Commissioners.

A Southwestern Wonder.

A MOVING MASS OF ROCK—PERPETUAL MOTION FROM NATURAL CAUSES.

The Memphis *Avalanche* travails with a prodigious item which the astounded writer claims to be nothing less than the "greatest wonder of the age, eclipsing the maelstrom, the ocean tides, the Geysers, Natural Bridge, and even Niagara Falls, in fact everything, the *Avalanche* itself not excepted." After his startling exordium the chronicler thus divulges:

"The wonder of wonders lies in and is possessed by our sister State of Arkansas. Those who are acquainted with the geology of that State know that it presents, in its physical conformation, a greater variety, perhaps, than any other State in or out of the Federal Union. Traveling in the western part of the State, the explorer or close observer will remark that the country becomes hilly and often the forests and glades are interrupted in their onward continuity by rolling prairies. Beyond and still further west these hills terminate in the Ozark mountains. In this vicinity our wonder lies.

Before entering into a description of the "moving mass of rock," and to relieve all doubts that may arise upon the subject, we will state that our information is from a prominent lawyer and distinguished politician of, Tennessee, now residing in the city. He received the particulars of the matter from a couple of young English noblemen, one of whom is a relative of his. They have visited the far Southwest in search of scientific knowledge, with a view of making a report of their travels and experience in those wild unsettled regions. Their letter, containing a minute description of the "moving mass of rock," we could not obtain, as it was sent with the request that it be forwarded to England.

Southwest, about ten miles from the source of the St. Francis river, which rises in the Ozark mountains, and a short distance from the boundary line which separates Mississippi from Arkansas, is a strip of limestone, or green stone, ranging from one to two miles in width. It is interspersed here and there with plats of land, in many cases over an acre in length, peculiarly rich in soil, and making the strange and hitherto unknown conformation of a swampy and rocky soil. At the extreme northeast extremity of this rocky section the water from the St. Francis pours in, especially in the spring and fall seasons, in a heavy volume. The stream, for it is nothing else than a stream, although its current is swift beyond parallel, takes a zig zag course through the rock, being particularly swift at the above mentioned extremity, and again empties into the St. Francis. At this extremity is a solid mass of rugged and picturesque rock, almost oval in shape, washed on all sides by a rapid current, and moves directly and regularly back and forward; always in motion, and creating a deep and heavy sound which can be heard for miles. At first its motion is hardly perceptible to the ordinary vision, but as the sound increases and the strange eye rests more directly and minutely, the motion became palpable. On either side of the immense moveable substance, which, as we have said before, is surrounded by a swift current, are here and there eddies threatening instant destruction to everything coming within its yawning and awful reach. The mass of rock is covered with wild vegetation, which grows up thickly and spontaneously.

A portion of the rock lies directly under the base of the mountains, and as it is always moving, it washing the sides gradually away. Another strange fact in this strange connection, is, that the landscape thereabouts presents a grayish hue. This may result from the color of the sandstone mountains. We think, in all likelihood, that it does; but these gentlemen, who have written upon the subject seem to entertain a different opinion. They attribute it to the dense mist about the rock, created, as they say, by its motion. This idea is very plausible, when we consider what an immense mist, or fog, is created by the constant plowing of the waters by a mass of rock incalculable in weight and depth. We might go on for a year guessing as to the causes which have produced such an unparalleled wonder, and we might be as far at the end of the year, from a good, substantial and logical reason, as we were when we commenced. It belongs to the scientific men of this age, all over the world, to examine the great "moving mass of rock;" inspect the adjoining lands, and if anything can be found explanatory of the producing cause, let the world know it.

In closing our remarks upon this wonderful natural production, we are led to consider the causes of its creation. What are they? We know they are! But how are they? That's the question! If gases can cause earthquakes—if currents of water can cause whirlpools and mammoth maelstroms, why not certain currents of electrical character cause ponderous masses of rock to revolve? The proposition is, can science explain this wonderful freak of nature? What causes the rock to revolve? Is it a peculiar combination of gases, or what is it?

The Story of Homer's Iliad.

The story of the Iliad is very simple. It begins with the quarrel of Agamemnon and Achilles about a captive girl, in the ninth year of the war Achilles in anger withdraws from the Grecian camp. A series of battles follows, in which the Greeks deprived of their swift-footed champion, suffer defeat and slaughter. In the meantime the secondary heroes press forward, and become the leading figure in the martial picture In separate shades the valient deeds of Diomedes, Ajax, Menelaus, Agamemnon, are commemorated. But the Trojans, led on by the crested Hector, drive the Greeks down to the very ramparts of the ships. One by one the heroes are wounded and disabled, and the prospects of disastrous overthrow stares the army in the face. Agamemnon, at length convinced of his fatal error, and anxious to recall the angry hero, sends an embassy with the offer of ample reparation. The proposal is haughtily rejected The war again proceeds, with varying fortune The Greeks are driven within their walls, and the Trojans, led on by Hector, threaten to fire the ships The battle wavers, Hector is wounded, and the Trojans are driven back. Achilles at length consents that Patroclus, his brother in arms, shall put on his armor and go forth to battle The appearance of this champion, clad in the complete steel of the son of Thetis, gives heart to the Argives But he is slain, and spoiled of his arms by Hector, and fierce combats for the possession of his body follow. The Greeks prevail, and bear the slain hero back to the camp Achilles, overwhelmed with sorrow, abandons himself to unrestrained lamentation This calls his mother Thetis, from the sea. She finds him prostrate with grief, yet eager to exact a bloody vengeance from Hector and the Trojans; but Hector has the armor. She goes to the smithy of Hephaistos, who readily forges a new shield of divine workmanship, a breastplate brighter than the blaze of fire, a strong wrought helmet with a golden crest, and metal greaves Achilles receives the arms, becomes reconciled with Agamemnon, who sends him precious gifts, and restores the captive Briseis After lamenting over the dead Patroclus, he mounts the car and rushes to the field, careless of life and longing only for vengeance And now the war comes to the terrible turning point. The Trojans and Grecian champions are arrayed in deadly strife, and the divided deities share, according to their several likings, in the battle. As the action approaches a close, the description rises in grandeur. At length both armies are withdrawn from the field, and Achilles and Hector alone remain. A single combat follows, and Hector falls Achilles insults the body of his foe, lashes him to his car, and drags him down to his tent, in the sight of Priam and the Trojans, who gaze heart stricken from the walls upon the dreadful spectacle The Greeks returning to the camp, funeral games are performed in honor of Patroclus, and twelve Trojan youths are slaughtered to appease his shade Thus twelve days are consumed. Priam resolves to visit the hostile camp, and implore of Achilles the body of his dead son. An auspicious omen inspires him with hope He departs, taking with him costly gifts, by which he thinks to appease his vindictive enemy He is met by Hermes, in the form of a young man, who guides him to the tent of Achilles. The Grecian hero, astonished at his sudden appearance, gives him a hospitable reception, and overcome by pity for his unequalled woes, consents to surrender the body of Hector. It is borne back to the city, the inhabitants receive it with loud lamentations, funeral rites are performed, and so the poem closes.—I. p. 96-97.

For the information of scholars we here may intimate that Dr. Feltbn, eschewing the adverse theory of Wolf, the great German critic, states his strong belief that the Iliad and the Odyssey were the works of the same author, and not merely a number of ballads which some one had finally collected and rearranged—in a word that Homer really was

"The blind old man of Scio's rocky isle"

and not a myth. By the time, indeed, most scholars are opposed to the Wolfian theory, and any one learned or unlearned, who reads the two great epics, either in the original or in English versions, must be struck with the fact that they possess an unity, completeness and coherence utterly incompatible with the idea of their consisting of a number of lyrical productions, by different authors, finally fused into what are now known as the Iliad and the Odyssey.

DR. HENLEY'S

Fountain of Life!

OR

GREAT BLOOD PURIFIER!

IN EVERY PROGRESSIVE SCIENCE PERIODS ARE MARKED when a new direction is imparted to its course. These epochs proceed from discoveries which form foundations and light which changes the whole aspect of the science. The present is an epoch of this kind, and this great Remedy, now offered to the public, in connection with the theory on which it is based, is destined to effect an entire revolution in the treatment of the diseases of

SCROFULA AND KING'S EVIL!

by eradicating the disease entirely from the blood The FOUNTAIN OF LIFE is composed entirely of vegetable extracts, it contains no Mercury or other mineral substance

The Proprietors and Discoverers of this Sovereign Remedy CHALLENGE THE WORLD to furnish anything, from the days of Æsculapius down to the present time, in the arcana of Medical Science, which can vie with or excel the intrinsic properties of this Great Blood Purifier The value has been tested with the happiest effect in the most obstinate cases of Scrofula, that baffled the skill of the most eminent physicians in the world No matter what form the dreadful disease of SCROFULA and KING'S EVIL may have assumed, it can in no way be more safely and certainly arrested in its progress than by HENLEY'S GREAT BLOOD PURIFIER Thousands have been swept into their graves, who had they made a timely use of the FOUNTAIN OF LIFE, might now be enjoying the blessings of life and health It requires an article of real merit and intrinsic value to sustain itself During the thorough ordeal, of public experiment the FOUNTAIN OF LIFE has stood the test trial, and not been found wanting

Dr HENLEY guarantees to CURE any case of SCROFULA or KING'S EVIL in the world, and eradicate the disease entirely from the system, or no charge made —provided they will secure him his pay when they are cured

FOR REFERENCE:

I would refer you to L. L. Peck, of Portland, Oregon, and numbers of others, as to what a miraculous effect it had in a short time, in cases that had baffled the skill of physicians for years.

DR. WM HENLEY,
Portland, Oregon

fe13d6ptf

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco Established in 1854, for the treatment of Seminal and Sexual Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—ere that they are cursed for life, or perhaps too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be aware of the impudent pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an extent unlimited to the reader, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noises like the rustling of leaves and rattling of chariots, weakness about the kidneys, weakness of the limbs, confused vision, diminished intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, foul breath, cough, consumption, night sweats, mountain ain and frequent vanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Persons at a distance may be CURED AT HOME, by addressing a letter to Doctor Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from observation curiosity, to any part of the country, with full and plain directions for use. For Ten Dollars, sent in registered letter through Wells, Fargo & Co.

Address DR J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 1852.

Consultations FREE.

Prevention Better than Cure.

The newly invented Patent Frolich Rule, a sure Preventive against Diseases and Pregnancy, sent by mail Price $2. Address DR. J. F. GIBBON, 616 Kearney St., cor. Commercial, San Francisco. Post Office Box 252.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian (or Weekly Oregonian*, as the case may be.)
